

NEW ENGLAND FOUNDATION FOR THE ARTS

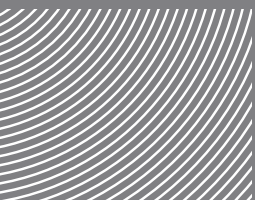

ANNUAL REPORT
2010

NEFA HAS BEEN A SIGNIFICANT CULTURAL force since 1976 when it was created as one of six regional arts agencies nationwide with funding through the National Endowment for the Arts and New England state arts agencies. As a nonprofit with additional funding from corporations, foundations, and individuals, NEFA operates with an annual budget of over \$7 million to develop and deliver arts programs on local, regional, national, and international levels.

The New England Foundation for the Arts (NEFA) is a nonprofit organization that provides leadership and resources that benefit artists, the public, arts funders, and policymakers throughout New England and beyond.

As a grantmaker, program initiator, developer of resources, and builder of creative partnerships, NEFA celebrates New England while playing a national role by developing model programs, supporting international cultural exchange, and advocating access to the arts for everyone.

PROGRAMS & SERVICES

NEFA leverages public and private funding to design systems of support that impact artists and communities in New England and beyond. NEFA's programs provide funding and other invaluable resources for the creation and presentation of new work while supporting the sector through creative economy research, online tools, convenings, and knowledge sharing.

INSIDE BACK COVER NEFA BOARD

Dear Friends,

I am delighted, as always, to share with you this report on NEFA's most recently completed fiscal year. In 2010, we made 475 grants, distributing \$3.2 million to artists and organizations throughout New England and across the United States.

NEFA's impact extends well beyond our grantmaking through an integral and dynamic portfolio of services including workshops, convenings, and online tools. Highlights this year included co-sponsorship of a regional creative economy summit and the inauguration of a discussion series in public art .

2010 also saw the planning and design of two important new initiatives for NEFA: the National Theater Pilot will explore a system of support for theater through two rounds of grantmaking in FY11-12, and Center StageSM will tour performing artists from abroad to communities in the U.S. in 2012, in partnership with the U.S. Department of State.

This report affords the opportunity to reflect on the impact and outcomes of NEFA's work over the last year -- work that continues to evolve in depth and breadth as we approach 35 years of programming in 2011.

None of this would be possible without the support of our funders, partners, and advisors; the passion and commitment of an extraordinary board and staff; or the work of artists who inspire all of us.

With deep appreciation,

Rebecca Blunk
Executive Director

Thank you to Charlene R. Jones and
Eduardo Tobón for their service
to the NEFA Board.

We creatively support
the movement of people,
ideas, and resources
in the arts within New
England and beyond,
make vital connections
between artists and
communities, and build
the strength, knowledge,
and leadership of the
region's creative sector.

NEFA is a nonprofit organization that operates with funding from the National Endowment for the Arts, the New England state arts agencies, and from corporations, foundations, and individuals.
